## ADDITIONAL INFORMATION

### Projects & Academic Experiences

Bachelor's Final Project (Web Crawling with email addresses and phone numbers extraction beside defining each webpage's category automatically)	2018
Setting up Exchange Server with email, contacts and calendar services (A course project)	2018
A custom distribution of Ubuntu Linux for Android Analyzers (A course project)	2017

### Volunteering

Designing Problems for First Online CTF Contest of Urmia University of Technology (UUTCTF)	2019
Cooperation in execution and preparing the First Protective and Operational Cyber Security Conference (POSSCon2018)	2018
Member of Urmia University CERT Team at Isfahan University of Technology CERT CTF Contest (Team Rank got Fifth)	2018
Designing Problems for Student CTF Contest of Urmia University of Technology	2018
Holding a Workshop for Presenting Important Tools Needed in CTF Contests	2018
Setting up GitLab service on Urmia University of Technology's NetLab server computers	2017
Setting up Calibre digital library on Urmia University of Technology's NetLab server computers	2017
Setting up tutorial videos download repository with the torrent links on Urmia University of Technology's NetLab server computers	2017
